

Job description

Soil Lab Technician, Part-time Position

IAS is seeking an individual who desires part-time seasonal employment to work in our soil lab. The individual must have an attention to detail, be able to stand for long periods of time, and be able to work in a fast-paced soil laboratory environment.

Job responsibilities will include, but are not limited to:

- Grinding soil samples using a specialized machine
- Measuring soil into test tubes
- Loading test tube trays to be analyzed by machines
- Washing lab equipment
- Emptying sample trays
- General laboratory cleaning

Work Schedule:

September 26, 2022 – December 16, 2022

Daily hours are M-F 8:30 a.m. – 5 p.m.

Job Type: Part-time

Pay: \$17.00 per hour or more based on experience. Guaranteed a minimum of 15 hours per week.

Please send your resume and information to Soil Lab Manager Tracy Distl,
t.distl@integratedag.net.
